

# Extend Device Lifecycle, Enhance Security with Honeywell Mobility Edge™

Latest customer research from Honeywell revealed that our customers need a better, easier way to deploy and manage their mobile solutions.

How have we helped them solve this challenge?  
By taking a completely new approach to enterprise mobility.

## To Accelerate the Edge, Rethink the Core

After talking to our customers, we completely rethought our approach to the challenges of supporting a mobile workforce. We quickly realized that no new simple technology upgrade was enough. Our customers needed something more comprehensive and dynamic – a mobile platform that is:

**INTRODUCING MOBILITY EDGE**

## A New Unified, Dynamic Mobile Platform from Honeywell

Mobility Edge™ helps companies **overcome complexity** to build, manage, and deploy mobile solutions across the enterprise – **faster, with less risk, and less cost.**

### Accelerate Deployments

**VALIDATE ONCE. DEPLOY EVERYWHERE. FASTER, EASIER, AND AT A LOWER COST.**

A rapid provisioning suite makes mobile deployments faster, easier, and lower cost. Validate new apps and updates once, then deploy across all form factors – instead of a burdensome process for each different device.

### Optimize Performance

**PRODUCTIVITY-OPTIMIZING TOOLS. FASTER DATA CAPTURE AND SECURE, ENHANCED WORKER COMMUNICATIONS.**

With Mobility Edge, you can drive device performance for greater efficiency and worker productivity. Powerful, embedded tools help workers capture data faster and communicate easily and securely.

### Extend Lifecycle

**FORWARD-COMPATIBLE. FUTURE-PROOF. REDUCING TCO AND MINIMIZING HEADACHES.**

With enterprise lifecycle tools, you can count on greater reliability and a longer lifecycle, with hardware designed to support more operating system upgrades – through Android Q – than any competitive product can promise.

## Get Started with Mobility Edge

Contact **AB&R®** and take the next step toward bringing simplicity to your mobile deployments.
